

Longer term, I anticipate that Village life will be further disturbed by individuals, employed at the Lorry Park to service the drivers, wanting to live in Birchmoor because their employment is within walking distance of their home. I welcome individuals who want to live in our Village and become part of our close community; I fear that those who see this advantage will not necessarily wish to engage with Village life.

I also fear the risk of increased crime in the Village arising from the overnight parking of vehicles and the individuals, not necessarily the drivers, this Lorry Park will attract.

Finally, I would ask if the youngsters, who live in Stoneydelph (Staffordshire), have been considered. Youngsters aged 11 to 18 walk through Birchmoor each school day to get to The Polesworth School (Warwickshire), returning in the later afternoon. Continual exposure to the deteriorating environment can only have a harmful upon them.

I would hope that those appointed to review the application for the Lorry Park, will be mindful of these concerns and conclude that the Lorry Park would be better located elsewhere.

Dear Sir,

I wish to register my strong objection to the above planning application, which will allow a major development of land next to our lovely Village of Birchmoor.

The intended development of an extensive Lorry Park at the A5 / M42 junction, bordering onto Birchmoor, will have a major impact on our Village which has already suffered so much with major developments that have marginalised our community. In particular the impact of the M42, which runs through the Village separating one side from the other, and HS2 which is requiring residents to move away, their residential properties being purchased and then demolished.

This development will now bring additional noise, light pollution and a serious deterioration in the quality of life, for those of us living in Birchmoor.

I feel like I live in a forgotten community subjected to the whims and desires of others who take advantage of what little countryside is left for us to enjoy. Further, as a Village on the remote edge of Warwickshire, yet influenced most by the close communities of Staffordshire, we feel abandoned. For example – the meaningful gap at Birch Grove in Birchmoor, between North Warwickshire and Tamworth, is now reduced to just seventy meters following other developments.

I am particularly concerned about the constant level of pollution that this development will bring, both in noise, light pollution and the emissions from the lorry's, effects that will be felt 24 hours a day, seven days a week. M42 Junction 10 is, I understand, already one of the highest polluted areas for traffic emissions in Europe.

As a community we currently suffer from misdirected lorries and those seeking a short cut to the A5 / M42 junction, by drivers mistakenly thinking they can reach the junction via our Village. The roads are far too narrow to the point that the extraction of each lorry brings the Village to a standstill. Promotion of the Lorry Park will only increase this nuisance.

Longer term, I anticipate that Village life will be further disturbed by individuals, employed at the Lorry Park to service the drivers, wanting to live in Birchmoor because their employment is within walking distance of their home. I welcome individuals who want to live in our Village and become part of our close community; I fear that those who see this advantage will not necessarily wish to engage with Village life.

Additional comments added:

I didn't move to this village (Birchmoor) to live in the middle of an industrial estate, I feel we are being forever more encroached upon by more buildwork until we cannot see a green space which I don't think is good for anybody's mental well being, were not thinking forward enough for the environmental impact.

I feel like I live in a forgotten community subjected to the whims and desires of others who take advantage of what little countryside is left for us to enjoy. Further, as a Village on the remote edge of Warwickshire, yet influenced most by the close communities of Staffordshire, we feel abandoned. For example – the meaningful gap at Birch Grove in Birchmoor, between North Warwickshire and Tamworth, is now reduced to just seventy meters following other developments.

I am particularly concerned about the constant level of pollution that this development will bring, both in noise, light pollution and the emissions from the lorry's, effects that will be felt 24 hours a day, seven days a week. M42 Junction 10 is, I understand, already one of the highest polluted areas for traffic emissions in Europe.

As a community we currently suffer from misdirected lorries and those seeking a short cut to the A5 / M42 junction, by drivers mistakenly thinking they can reach the junction via our Village. The roads are far too narrow to the point that the extraction of each lorry brings the Village to a standstill. Promotion of the Lorry Park will only increase this nuisance.

Longer term, I anticipate that Village life will be further disturbed by individuals, employed at the Lorry Park to service the drivers, wanting to live in Birchmoor because their employment is within walking distance of their home. I welcome individuals who want to live in our Village and become part of our close community; I fear that those who see this advantage will not necessarily wish to engage with Village life.

I also fear the risk of increased crime in the Village arising from the overnight parking of vehicles and the individuals, not necessarily the drivers, this Lorry Park will attract.

Finally, I would ask if the youngsters, who live in Stoneydelph (Staffordshire), have been considered. Youngsters aged 11 to 18 walk through Birchmoor each school day to get to The Polesworth School (Warwickshire), returning in the later afternoon. Continual exposure to the deteriorating environment can only have a harmful upon them.

I would hope that those appointed to review the application for the Lorry Park, will be mindful of these concerns and conclude that the Lorry Park would be better located elsewhere.

Signed

Additional comments added:

How can they allow it happen because of the polluted area already for traffic emissions.

Signed

Dear Sir,

I wish to register my strong objection to the above planning application, which will allow a major development of land next to our lovely Village of Birchmoor.

The intended development of an extensive Lorry Park at the A5 / M42 junction, bordering onto Birchmoor, will have a major impact on our Village which has already suffered so much with major developments that have marginalised our community. In particular the impact of the M42, which runs through the Village separating one side from the other, and HS2 which is requiring residents to move away, their residential properties being purchased and then demolished.

This development will now bring additional noise, light pollution and a serious deterioration in the quality of life, for those of us living in Birchmoor.

I feel like I live in a forgotten community subjected to the whims and desires of others who take advantage of what little countryside is left for us to enjoy. Further, as a Village on the remote edge of Warwickshire, yet influenced most by the close communities of Staffordshire, we feel abandoned. Additional comments added:

We're also concerned with the following:

- security of our home - thieves changing the loonies
- more people using the village as a throughfare
- safety of my children
- house depreciation in value
- rise in crime + house burglaries.

- more loonies being directed into the village by old sat Navs as they try to get to the lorry park which won't be accessible. This causes potential damage to lamp posts, parked cars or houses when they try to turn round on the narrow village roads.

Signed

- WE DO NOT WANT THIS LORRY PARK!
