**Our reference: WCC002350 (Ref: PAP/2021/0663)**

Dear Andrew,

The above application, which was received by the LLFA on Friday 10th December 2021, comes to the end of the 21-day consultation period on Friday 31<sup>st</sup> December 2021.

However due to the festive period, we are light on resources with team members on annual leave. While we endeavour to respond to all applications within this 21-day period, unforeseen workload pressures and the number of consultations received means we will not be able to provide a response by 31.12.2021.

Considering the above, we politely request that an extension be granted for the above planning application for us, as LLFA, to be able to provide a bespoke consultation response in our role as statutory consultee.

**Extension requests** to provide a response by **Friday 14<sup>th</sup> January 2022**.

Should this not be suitable, kindly advise a reasonable date. If there are any applications which are going to committee before (extension date), kindly inform us asap, so we can prioritise our workload to provide the best possible service.

If you are happy for us to provide a response by the extension date mentioned above, please confirm via e-mail. It would be very much appreciated.

Many thanks for your understanding and we at LLFA WCC FRM wish you a happy festive period.

Kind Regards,  
Reena Ghattaura

Best regards,  
Flood Risk Management
